

It's not THAT
short is it? He
doesn't like me wearing
skirts. He says my friends
laugh at me - I don't see them
so much now. He says why do I need
them when I have him? Sometimes he's
really caring. I know he looks through my
phone and he takes my money.
He says if I don't make him
happy he'll find a girl who will. He
messes with my head and watches me
all the time. He makes me feel this small.

Domestic abuse isn't just violence.
